JENNY KORD IN

Blue Beetle

How would you describe your character, Jenny Kord?

Jenny is a very confident young woman. But she's also quite lonely. She lost her mom at a very young age. Her father, Ted Kord, disappeared when she was young. She has this need and this—this desire to belong to something again.

She's in charge of the philanthropic activities of Kord Industries, and she wants to just keep her dad's legacy alive. She has strong values and has her heart in the right place.

Speaking of Kord Industries—what can you tell us about the company?

It's Jenny's family company. Her grandfather created the company with her aunt, Victoria Kord. But when her grandfather died, he left everything to Ted.

What did it mean to you to get this role?

This was always a dream—but a dream I never allowed myself to have because it was so far from my reality. Every time someone asks me, "How do you feel being the first Brazilian as a lead actor in a superhero movie?" I'm like, I never thought I would be the first anything. It's an honor.

I always had this desire that my art would somehow cross borders, but the main goal is to learn and to grow and to work with people I admire. So this is a dream come true. I don't want to sound cheesy, but it is.

The film reminds me of my culture and the things I grew up watching. It was always something with a lot of heart, but also a lot of comedy and a lot of drama.

What can you share about the Blue Beetle gadgets?

The gadgets are over-the-top cool. Even a simple GPS. Everything looks so good. I love everything Jenny gets to wear and do with all of Ted Kord's creations. I've never seen anything like it.

How was your time in the Bug Ship?

The first time we hop into the Bug Ship, Jenny and the Reyes family are not close. They don't trust her yet. But it's so special for Jenny, because that's the closest she's felt to her dad since he disappeared.
